HONORING

CHRISTOPHER GIAMO

## HONORING

# CHRISTOPHER GIAMO

Christopher Giamo of Huntington Bay is the Regional President of TD Bank, Metro New York, a role he has held for nearly ten years. His responsibilities include oversight of 300 bank branches in the tri-state area, with 4,000 employees and \$30 billion in assets. Prior to his more than 15 year-tenure at TD, Chris held positions at Bank of New York and CoreStates Financial in Philadelphia.

Chris and his family relocated to the Huntington area 11 years ago from New Jersey. "I will always bear some nostalgia for Huntington, because it marks one of the most exciting moments of my life—the birth of my second son, Jack. It's nice that ten years later, I can help support the Hospital that brought my child into the world."

"I was very humbled and proud when I

was asked to be Huntington Hospital's gala honoree," Chris remarked. "My goal as this event's honoree is to bring in folks not previously engaged with the Hospital's work and events, and expose them to the significant resources and superior health care that Huntington offers. Ultimately, I'd like to see these folks become loyal, long-time supporters of the Hospital, and I look forward to working collaboratively with Huntington's management and the event committee toward that end."

When not busy working or getting involved in local charities, Chris can usually be found on various ball fields watching his two sons, Matthew, 13 and Jack, 10, play lacrosse. He also enjoys being outdoors and at the beach, playing golf, and spending time with his wife, Betsy.

## BENEFITING

# The CAPITAL IMPROVEMENT FUND for HUNTINGTON HOSPITAL

As a pillar and cornerstone of the Huntington community for nearly 100 years, Huntington Hospital is positioned to address comprehensive health care needs through the entire life cycle. As a member of the award-winning North Shore-LIJ Health System, we offer full access to world-class medicine, renowned specialists and unique services—right in your community.

Huntington is committed to keeping pace with advances in medicine and preparing for our next century of providing excellent health care. Despite the changing healthcare landscape, Huntington Hospital

is committed to expanding the services it offers to our residents. In order to sustain service growth, investments in the Hospital's infrastructure are needed to match the facility with the expertise of our physicians and staff. Renovations of the oncology, maternity and emergency departments are priorities, but we need private support to complete these projects.

Your support of the Annual Gala will enable the capital improvement of Huntington Hospital—*your* hospital. We are most grateful for your generosity.
