

ORTHOPAEDICS IN MOTION
LIVE ACTIVE LIVE STRONGER LIVE LONGER

Hosted by The Auxiliary of Lenox Hill Hospital | Major Sponsorship Provided by Lenox Hill Hospital
April 24, 2017 | 6:30pm – 9:00pm | Film Society of Lincoln Center, Walter Reade Theater

For 160 years, the dedicated staff of the healing and teaching facility now known as **Lenox Hill Hospital Northwell Health** has touched the lives of countless New York families while earning a national reputation for medical innovation and compassionate care. Since 1949, the all-volunteer **Auxiliary of Lenox Hill Hospital** has supported the hospital’s mission by raising funds for the benefit of patients, staff and the surrounding community.

On April 24th, we invite you to join us for The Auxiliary’s Annual Benefit. The evening will be devoted to bodies in motion as we explore the exciting field of orthopaedics. Our panel of speakers will discuss non-surgical and surgical care and the ways to keep our bodies active and strong with more mobility. We will learn about advancements and innovations in the field and the cutting-edge technologies and procedures that are being utilized at Lenox Hill Hospital and across the Northwell Health System. You’ll meet patients and hear their stories of diagnosis, treatment and recovery under the care of the talented professionals at Lenox Hill Hospital. The program is being curated with the guidance of Dr. Elliott B. Hershman, Chair of Orthopaedic Surgery.
