Our Honoree

JOHN RICONDA, a long-time Northport resident and Huntington Hospital trustee, is the honoree for Huntington Hospital's 2017 Annual Golf Classic. Mr. Riconda is the CEO of Contemporary Computer Services Inc., a leading technology services company that handles IT operations and managed security, based in Bohemia, as well as the co-founder of eSchoolData, LLC, a student software management system currently deployed in more than 300 school districts.

A member of the Huntington Hospital Board of Trustees since 2000, Mr. Riconda has seen the hospital grow and become a facility known for excellence in health care. "I've seen dramatic changes in Huntington Hospital. There has been tremendous progress in quality improvements and many new programs have been added. With the commitment of our dedicated, highly trained staff, we continue to be recognized as one of the best hospitals in New York State."

Mr. Riconda says it's important for him to give back, and being connected to a hospital like Huntington is extremely rewarding. "It makes me feel good, especially since I've been a patient at Huntington, like many of my friends and neighbors have been. Huntington Hospital is a nonprofit. Without philanthropy, hospitals and organizations would be unable to institute many of the initiatives that are in need of funding. When the community gets involved, these programs can succeed and benefit the entire community."

About Huntington Hospital

Your support of the Annual Golf Classic will enable the capital improvements of Huntington Hospital, including renovations of the Maternity / Postpartum Unit, Wound Care Center, and Observation Unit.

We are proud of our many national and regional awards because they mean we are living our mission to provide our community with the highest standard of care, including:
